The Management has and will continue to meet and discuss with the Related Parties to actively pursue for early settlement of the outstanding amounts due. The Board is of the opinion that the outstanding amounts are trading in nature and there is no recoverability issue as there are collections from the Related Parties during the financial year. In addition, the Management is of the view that the Related Parties are long trading partners and have sound credit standing.

2.6 Review Procedures for the RRPTs

Management of MESB will take into account the pricing, level of service, quality of service/products and other relevant factors in order to ensure that the RRPTs are conducted at arm's length basis and on normal commercial terms consistent with the Group's normal business practices and policies and will not be prejudicial to the shareholders.

The Company has implemented the following procedures and guidelines to ensure that the RRPTs are undertaken on transaction prices on arm's length basis and on normal commercial terms which are not more favourable to the related parties than those generally available to the public and are not detrimental to the interest of the minority shareholders:

- (i) Management will be notified that all RRPTs must be undertaken on an arm's length basis and on normal commercial terms which are not more favourable to the related parties than those generally available to the public and not to the detriment of the minority shareholders;
- (ii) Records will be maintained by the Group to capture all RRPTs which are/will be entered into, which will be available for review by, among others, the auditors and Audit Committee, on a periodic basis;
- (iii) RRPTs will be monitored through management reports made to the Board and to the Audit Committee;
- (iv) The Board and the Audit Committee will review the management reports to ascertain that the guidelines and procedures established to monitor the RRPTs have been complied with; and
- (v) Where any Director or persons connected to him has an interest (direct or indirect) in any related party transactions, such director (or his alternate) shall abstain from voting on the matter. Where any member of the Audit Committee is interested in any transaction, that member shall abstain from voting on any matter relating to any decisions to be taken by the Audit Committee with respect to such transactions.

The Audit Committee's review procedures will be conducted on a quarterly basis together with the review of quarterly results, or such frequency as the Audit Committee considers appropriate having regard to the value and the frequency of the RRPTs.

2.7 Methods or procedures of determining prices of RRPTs

Generally, the prices, terms and conditions of the RRPTs are based on market rates, the availability of the amount/resources to be transacted or negotiated on a *willing buyer willing seller* basis. The Group shall ensure that at least 2 other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities.

In the event that quotation or comparative pricing from unrelated third parties cannot be obtained, the transaction price will be determined by the MESB Group's market knowledge of prevailing industry norms, prevailing commercial rates to ensure that the RRPTs are not detrimental to the minority shareholders.

In most dealings with Related Parties, companies within MESB Group and the related party have good understanding of each other's business needs thus providing a platform where all parties can ensure timely delivery and provision of services, commitment and reliability of quality services for the MESB Group, to enable the smooth operation of the day-to-day business of the MESB Group.

The guidelines/procedures for the approval of RRPTs by the MESB Group are as follows:

- (i) Royalty charged by MX Too are based on minimum royalty charge on the Alain Delon brand and the Hummer brand i.e. RM693,000 per annum and RM175,000 per annum respectively, or 10% of the respective invoice sales, whichever is higher, based on the commercial terms at the point of entering into licensing agreement(s) or upon renewal. In this instance, it will be beneficial to the MESB Group.
- (ii) The transaction price, terms and conditions for the sale of ladies and gents leather accessories are determined by market forces and based on prevailing commercial or market rates.

The transactions as mentioned under items (i) to (ii) above, will be reviewed and approved by the Director of Miroza prior to entering into the transactions and/or agreements, and subsequently these transactions will be reviewed by the Audit Committee of MESB on a quarterly basis.

- (iii) The RRPT are reviewed and authorised by the following parties:

No.	Threshold for RRPT for each single project or transaction with a related party	Approval / Ratification

The RRPT under this threshold will be approved by the Executive Directors and a summary of such RRPT made each quarter shall be tabled to the Audit Committee and Board for ratification.
2.	Above RM1.0 million or 1% of shareholders' funds but less than 5% of the shareholders' funds	The RRPT under this threshold are approved by the Executive Directors. Note: 1% and 5% of the shareholders' funds approximates RM0.66 million and RM3.31 million respectively based on the latest audited financial statements for the financial year ended 31 March 2013.

None of the Audit Committee Members of MESB have any interest, direct or indirect, in the Proposal.

2.8 Disclosure of RRPTs

Disclosure will be made in accordance with the Practice Note 12 of the Main Market Listing Requirements, which requires a breakdown of the aggregate value of the RRPTs entered into during the financial year, including amongst others, the following information:

- (i) the types of RRPTs made; and
- (ii) the names of the Related Parties involved in each type of the RRPTs made and their relationships with the MESB Group.

The above disclosure will be made in the Company's annual report for each subsequent financial year after the Proposal has been obtained.

2.9 Statement by the Audit Committee

The Audit Committee has seen and reviewed the procedures and is satisfied that the review procedures and processes for RRPTs, as well as the quarterly review to be made by the Audit Committee, are sufficient and are appropriate to ensure that RRPTs will be made at arm's length and in accordance with the Group's normal commercial terms which are not more favourable to the related parties than those generally available to the public and are not to the detriment of minority shareholders, and hence not disadvantageous to the Group.

Furthermore, the Audit Committee shall have the discretion to request for additional information pertaining to the RRPTs from independent sources or advisers.

The Audit Committee is of the view that the Group has in place adequate procedures and processes to monitor, track and identify RRPTs in a timely and orderly manner, and the review is done every quarter together with the review of quarterly results.

2.10 Validity Period for the Proposal

It is envisaged that MESB Group would, in the ordinary course of business, enter into the RRPTs as detailed in Section 2.4 of this Circular. It is likely that such transactions will occur with some degree of frequency and could arise at any time.

The Board of MESB proposes to seek your approval for the Proposal, which will allow MESB Group to enter into RRPTs as set out in Section 2.4. Such RRPTs are carried out on arm's length basis, on normal commercial terms and on terms not more favourable to the related party than those generally available to the public and which will not be to the detriment of the minority shareholders.

Pursuant to Paragraph 3.1.4 of Practice Note 12 of the Main Market Listing Requirements, the Proposal, if approved by the shareholders of MESB, will take effect from the date of the passing of the proposed ordinary resolution at the forthcoming AGM and shall apply until:

- (i) the conclusion of the next AGM of the Company following the general meeting at which the Proposal, at which time it will lapse, unless by a resolution passed at the meeting, the authority is renewed;

whichever is the earlier.

3. RATIONALE FOR THE PROPOSAL

The RRPTs to be entered into by the MESB Group are in the ordinary course of business and are intended to meet business needs at the best possible terms which will be of benefit to all the companies within MESB. They are recurring transactions of a revenue and trading nature which are likely to occur with some degree of frequency and may arise at any time and from time to time.

The transactions envisaged under the Proposal may be constrained by its time-sensitive nature and it may be impractical to seek shareholders' approval on a case-to-case basis before entering into such RRPTs. The Proposal will substantially reduce the expenses associated with convening of general meetings on an ad-hoc basis and hence will reduce the expenses associated therewith and prevent administrative inconvenience.

4. FINANCIAL EFFECTS OF THE PROPOSAL

The Proposal will have no effect on the issued and paid-up capital, net assets and earnings per share of the Group.

The Proposal is conditional upon the approval of the non-interested shareholders of MESB at the forthcoming AGM.
